One year later: A kitchen that still feels unique

We recently caught up with our client Rick, who shared his experience of working with Ashford.

From his very first conversation with our showroom team to living with his new kitchen a year later, Rick always felt confident that he was in safe hands.

Discover the full transformation above - the journey truly speaks for itself!

“We didn’t get a kitchen that blended in - we had a unique design made for us.”

Support that stands out from day one

In the video, Rick talks about how our guidance helped shape his decisions right from the start and how our team’s knowledge immediately stood out.

As the project unfolded, every stage reaffirmed that feeling - from the design process to the fitters arriving on site.

"When the wrappers came off, it looked absolutely amazing."

A year on, that feeling hasn’t faded

The kitchen didn’t just refresh their home, it transformed it.

Rick tells us, “It still feels unique”, and perhaps most importantly, he knows we’re still here whenever he needs anything.

"Anything I need, I go straight back to Ashford - I know they’ll welcome me."

Don't just take our word for it...
